To see why Highly Effective Marketing Plan (HEMP) is the best way to create and implement a successful marketing plan for your business, download a free sample of this powerful but low-cost software package today. "Highly Effective Marketing Plan HEMP" has been described by The Edge Magazine as the "Easy Marketing Tool for B2B Marketeers". "Highly Effective Marketing Plan HEMP" is a registered trademark of Peter Knight, Inc. How Highly Effective Marketing Plan (HEMP) Works: Highly Effective Marketing Plan (HEMP) automatically handles:

- Prospect research:
- The prospect is created when a customer makes a purchase or a lead is identified
- The prospect is assigned an award which is the equivalent of their status. A winner can be given an award daily or per-month.
- Prospects are classified on the basis of any customer information you have in your system, any reports from your field sales personnel, or any other information you have collected about the prospect.
- Products/services are identified for each prospect.
- Prospects are prioritized so that you do not advertise to someone who is at the bottom of your prioritized list and have a greater chance of winning the prize.
- Contacts are created and assigned to each prospect in accordance with their level of importance. (Outbound Contact, Follow-up Contact, Project Managers etc.).
- By default, all the contacts, prospects and projects get created when you open the program.
- Projects are set

What's New In?

Highly Effective Marketing Plan (HEMP) enables you to...

- Fast system-wide data entry for customers and prospects
- User friendly database access and data manipulation
- Fast, reliable, and user friendly data entry interface
- Account Manager - view all marketing contacts in one database
- Check out the capabilities of the system on your computer

How to Implement the application: Highly Effective Marketing Plan (HEMP) is an expert advisor in every sense. It analyses your accounts and contacts and provides a detailed account summary and overview of your marketing activity. Once the system is installed, the account manager will be launched as a sub-menu item from the system menu. In the account manager you can manage accounts and contacts in one interface:

- View the name, address, email address, and phone number for every customer and prospect
- Display a calendar of your marketing activity
- View your marketing reports
- Send out marketing mail shots
- Access all of the marketing databases in one place:
- Select your marketing database
- Display the contact details for every customer
- Add a new customer
- Add a new prospect
- Or call up an existing contact for more details
- Or find your marketing database
- Add, delete, change, or edit marketing details

Now you have a long list of marketing contacts and prospects you can approach at the right time. You can open your marketing database and start adding contacts! You can select, delete, add, rename, or change contact details right from within the account manager. The QuickStart Manual for Highly Effective Marketing Plan (HEMP) can be downloaded right from our website under "Download" section (see all the download options at the end of the page). With HEMP you can market your business to the world in a professional manner! Please submit any comments, feedback, or questions you may have about this software directly to our Technical Support by email (see the bottom of the page) What you will need:

- Microsoft Windows 97/98/ME/2000/XP (Windows 98 or Windows 2000 preferred)
- 300 MB free hard disk space
- approximately 3 hours to install
- a CD-ROM drive or equivalent
- a web browser
- Internet connection
